

STATE OF MICHIGAN
WASHTENAW COUNTY CIRCUIT COURT

Guy Boyd,
Plaintiff,

Case No. 24-304-NP
Hon. Julia B. Owdziej

v

NOT AN LLC, et al,
Defendants.

Order Denying Defendants' Motion for Reconsideration

The court has reviewed defendants' motion for reconsideration of its 7/24/24 order denying defendants' motion for summary disposition on Counts 1, 3, and 4 of the Complaint. Summary disposition was granted on Count 2. Pursuant to MCR 2.119(F)(2) no oral argument is granted and no response is requested.

Pursuant to MCR 2.119(F)(3), a motion for reconsideration must demonstrate "palpable error" by which the court and the parties have been misled and must show that a different disposition of the motion must result from correction of the error.

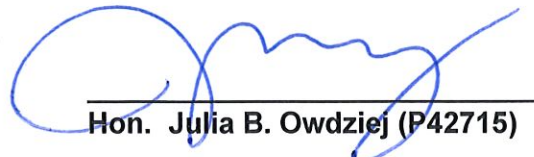

The court has considered defendants' arguments in their Motion for Reconsideration, and has taken a second look at the original arguments in order to provide defendants with a second chance to present their argument. Although defendants now rely on a federal case from the Eastern District of Virginia (4th Circuit), decided the same day this court entered the order for which defendants seek reconsideration, this court notes that Michigan is in the 6th Circuit.

The court is unpersuaded that defendant presents any arguments not already made and that there is a palpable error by which the court or the parties have been misled and that a different disposition of the motion must result from a correction.

Defendants' motion to for reconsideration is DENIED.

IT IS SO ORDERED.
